

## LIFE Attendance

It is our heart that you receive the full benefit of the LIFE curriculum. While we understand the unexpected happens, you will benefit most by attending every week. Each week the material builds on the previous weeks lessons. If you find that you have missed three weekly sessions, we encourage you to speak with your group leader and consider attending LIFE another semester. Experience has shown us that it is difficult to receive all that the course and the conference have to offer without full attendance.

## LIFE Notebooks

During your first session you will receive the LIFE course notebook. This will contain your video guides and lessons for the 12-week course. Payment for the book is payable to your group leader by cash, or check made out to Rez Church. Visit this URL for online Course Payment <https://www.rez.church/life/> Please complete payment before week 3 of the semester.

**Important note:** *The LIFE material is copyrighted and cannot be copied and/or distributed except in the context of an approved LIFE small group program.* We ask that you honor the copyright and not make copies of the course material.

## LIFE Retreat

At the end of the semester LIFE concludes with a celebratory ministry experience at our Crossroads location. The schedule is on the back of this handout. The cost of the conference is \$45/person. Rez.Church offsets some of the cost to keep it as affordable as possible. It is considered part of the course, and we highly encourage attendance. Payment can be made anytime and is due in full the Monday prior to the conference.
